

ASK FOR PLEDGES TODAY FOR "INVISIBLE GUESTS"

Cards Will Be Distributed in the Churches by Permission of Herbert Hoover.

CITY'S QUOTA SET AT 5,000

Virginia's Population Is 2 Per Cent of That of America, Yet State Is Asked to "Entertain" But 1 Per Cent of Number of Children.

Further efforts to provide relief for the starving children of Europe through entertainment of "invisible guests," will be made in Richmond today by the distribution of pledge cards in a number of churches by the Virginia committee of the European Relief Council. Permission to accept pledges was obtained from Herbert Hoover, chairman of the relief council, after local workers found scores of people who said they were in no position to make cash contributions at this time.

These cards make possible the payment of the pledges at any time before March 1, and they may be paid in almost any terms that the contributors desire. Deane Fitzgerald, treasurer of the committee for Virginia, said last night that Richmond had been slow in contributing to the relief fund, and expressed the hope that the pledge cards would be instrumental in materially increasing this city's contribution.

Mr. Fitzgerald said that all contributions should continue to be sent him either at 701 East Grace Street, to 218 Mutual Building, or to John Stewart Bryan, the state chairman.

Ask City to Care for 5,000.

"There are 5,000,000 people in Virginia—about 2 per cent of America's population," Mr. Fitzgerald said, "and yet in asking us to care for 35,000 children the European relief council has assigned us 1 per cent of the total for the country, or just one-half of what we would be expected to do in keeping with other sections of the country."

"Richmond has a population of 177,000, with not less than 30,000 homes, and in asking Richmonders to take care of 5,000 children until the next harvest of crops we are asking only for the entertainment of an 'invisible guest' in one out of every six homes. That is not a heavy request, for only \$10 is required to take care of a child for one year, and that is a small amount."

"While Richmond has raised so far only \$25,000, New York has contributed \$2,000,000, or one-third of the needed amount has been obtained. Thus it is seen that we have been slow in going to the aid of these suffering children. If we could place an 'invisible guest' in one home in every six, or if we could have a child entertained by every person who entertains an automobile—and our work would be done, and the request made of Virginians nobly met."

NEW TRIAL FOR M'GANNON TO BE HELD AT NEXT TERM

Court Convened Tomorrow But Date of Action Not Yet Fixed.

(By Associated Press.) CLEVELAND, OHIO, Jan. 1.—William H. McGannon, chief justice of the Municipal Court, faces trial a second time on the charge of slaying Harold C. Kazy. The jury which deliberated his fate on the charge of second degree murder was discharged last yesterday, after having been deadlocked practically forty-eight hours.

Fifty-three ballots were taken. With the exception of the first, on which the vote stood seven to five, the balloting was ten to two for conviction. Jurors Arnold-Hirschman and Al. M. Glick held out for acquittal, they said, because of insufficient evidence.

No definite date has been set for the new trial, but it is said it will be held during the next term of court, which begins Monday.

Tells Police Woman Refused to Divorce Spouse and Marry Him.

(By Associated Press.) ORLANDO, FLA., Jan. 1.—J. P. Wilson of Winter Park is under arrest here charged with having shot and instantly killed Mrs. George E. Dyal, as she drove up to her home in Golden Road, near here, last night accompanied by her husband and children. Police said Wilson told the story that indicated jealousy was the motive for the killing.

According to officials in Orlando, Wilson said he killed Mrs. Dyal because she failed to fulfill a promise to divorce her husband and marry him.

Wilson, who was employed in an orange grove, came here from Jersey City County, Illinois, fifteen years ago. Soon after he married Mrs. Dyal's sister. Seven years ago he divorced her. They had four children.

It was said that further information was being gathered as to army purchases of coal during the shortage last summer, which have been taken up previously in the committee's hearings. Next week the committee plans to resume open hearings. Anthracite coal production and supply, more data on alleged profit taking by government officials during the scarcity last summer, and the army and shipping board coal operations are subjects likely to be considered, it was said.

LOST HARVARD STUDENTS SUFFER FROM EXPOSURE

Three Mountain Climbers Rest at Home on Guide in Adirondacks.

(By Associated Press.) PLYMOUTH, N. H., Jan. 1.—The exposure and exhaustion suffered by three Harvard students in three days and two nights on the wintry slopes and summit of Mount Washington from which they returned to safety last night left them with only a slight illness today.

Max Goldberg, of Chicago, and Ben Scheinman, of Cincinnati, were said to be recovering rapidly, while Emanuel S. Cook, of Duluth, whose collapse caused him to be carried part way by his companions, was still a sick man, but on the mend.

The students were under the care of Jack Corcoran, their guide, at the base station of the cog railway that runs up the mountain in the summer time and they said over the telephone that they intended to rest up there for several days.

LONDON GREET THE NEW YEAR WITH NOISE, GAYETY

Celebration in Prosperous Section Surpasses Anything Seen Since 1914.

(By Associated Press.) LONDON, Jan. 1.—London's prosperous section hailed the advent of the new year with noisy gayety surpassing anything seen since January 1, 1914. The revelers turned their backs upon the grim bog of hard times, but its shadow, nevertheless, crossed their paths in the forms of collectors of funds for the unemployed, who shook money boxes on street corners and in the porticos of hotels.

The large west end restaurants and hotels vied with one another in staging attractions for their patrons, and were lavish in planning the decorations of their ballrooms and dining-rooms. From the ceiling of the ballroom in one big hotel was suspended a big daisy eight feet in length, from the capacious cabins of which young women dressed as fairies descended and distributed gifts among the guests. Another hotel featured a Japanese garden, where silver bugles announced the birth of 1921. Dining and merriment continued until this morning, many of the revelers not returning home until daybreak.

Outside of St. Paul's Church there was the time-honored gathering of the poorer people of the city, and the crowd, though perhaps larger than usual, was more decorous than it has often been. There was evident, however, a disposition to defy all "dry" thoughts, tanks and bottles being produced from thousands of pockets as the bells rang out heralding the new year. At the stroke of 12 the church was filled with a din of banjo pipes, mouth-organs, accordions and human voices playing or singing "Auld Lang Syne."

POET SHORN OF POMP

D'Annunzio Refused Permission to Leave Flume at Head of Troops.

(By Universal Service.) LONDON, Jan. 1.—Gabriele D'Annunzio's political glory was snuffed out today.

The poet-warrior, who had held the city of Fiume for more than a year, requested that he be permitted to leave the city at the head of his troops with flags flying and bands playing.

General Cavaglia, commanding the government troops, frowned on the proposal, and D'Annunzio was compelled to sign an agreement to leave without pomp and waving confusion.

SEAPLANES RESUME FLIGHT FROM SAN DIEGO TO CANAL

After Two Days' Delay, Owing to Accident, N-5's Today Air to Complete Voyage.

(By Associated Press.) SAN DIEGO, CAL., Jan. 1.—Starting on one of the longest hops scheduled on the trip from San Diego to Panama Bay, the 12 P-5-L seaplanes took wing early today for Banderas Bay, a distance of 415 miles. Wireless messages to this effect were received at the Norfolk Island Navy Air Station.

After a delay of two days, due to damage received soon after the start on Thursday, the navy seaplane N-5 left the North Island Air Station for the flight to Panama Bay. Lieutenant Harry C. Baugh was again in command of the N-5. It is expected that the N-5 will join the N-6 at San Bartolome Bay early this afternoon, where the N-6 is reported waiting and the two will then start on the second leg of the flight in an effort to reach Magdalena Bay before nightfall.

MURDERED MAN MAY BE JACK SANDEFEUR

Tennessee Will Go to Jacksonville to See If His Son-in-Law Is Killed.

(By Associated Press.) JACKSONVILLE, FLA., Jan. 1.—Clear up of the mystery surrounding the killing in a local hotel early Wednesday of a man thought to have been Jack Sandefeur, of Oklahoma City, Okla., and the fatal wounding of a woman, whose identity has not been established, was predicted by police with the expected arrival here today of W. P. Meadows, of Memphis, Tenn., who says his daughter, whom he said he had not heard from several months, disappeared to his son, remained unanswered, he said.

Walker wired the police that Mrs. W. P. Meadows is his daughter and that she would arrive here today. W. P. Meadows, Sr., of Memphis, Ga., after viewing the man's body said that it was not his son, who he supposed to be in Tulsa, Okla., but from whom he said he had not heard from several months. Photographs to his son remained unanswered, he said.

From a description sent by the police, Owen Sandefeur, of Oklahoma City, has identified the man as his brother Jack. A key ring plate in the man's possession bore the engravings "J. A. Sandefeur," and an Oklahoma City address. Letters in the room where the man was found with two bullet wounds through his heart, to which he was taken to the hospital, were addressed to Mr. and Mrs. W. P. Meadows, and one furnished the information that Meadows had married in Oklahoma. His father here said that he knew nothing of his son's marriage.

WHEN ILL HEALTH OR HARD TIMES HIT YOU, DON'T LIE DOWN

It is the man who can "come-back" that is the man worth while

"Comeback! I'll Help You!"

It is said that about ninety per cent of men fail between the ages of 35 and 50 and very few ever "COME BACK."

A good reason for many of these failures is plain. As man approaches middle age THE IRON IN HIS BLOOD IS APT TO THIN OUT and he then lacks the necessary iron in his body to give him the force, strength and vitality; the "IRON-WILL" and "iron determination" to carry him on to success. In his own mind HE ALWAYS THINKS HE IS GOING TO "COME BACK," but he is like a crippled deer that rises up on its four legs after being shot, only to fall back again.

EVERY DOCTOR knows the tremendous power of an IRON WILL to pull a patient through a critical illness. With an iron will, it often seems that nothing can kill you. Without it, a patient sometimes speedily collapses and dies from an apparently trivial cause.

Lack of iron in your blood not only undermines your health and robs you of your bodily and mental vigor but it weakens your WILL POWER. Without iron ALL THE "FIGHT," COURAGE and "GO AHEAD" in you is taken out and you begin to think it is "all over"—there's nothing more for you in life.

Without iron your blood also loses its power to change food into CELLS AND TISSUE and nothing you eat does you the proper amount of good—you do not get the full strength out of it. In fact sometimes the more you eat the more you starve, as your digestive organs are unable to handle much food when your blood lacks iron and you often think you have stomach trouble, when it isn't that at all. Simply eat less and take iron. There are 30,000,000,000 Red Blood Corpuscles in your blood and each one must have iron.

Let us try to "POOL YOURSELF" into thinking you are a man of "blood and iron" when you have good reason to suspect that you are not, anyway let your doctor decide. Get him to make a "blood count" of your blood corpuscles and SEE WHETHER YOU ARE A 50 PER CENT IRON MAN, OR A 100 PER CENT IRON MAN. If you are not, why not go to this trouble, eat

more spinach and other iron-containing vegetables for two weeks and take organic iron like Nuxated Iron with them and at the end of that time see for yourself how much more strength, courage and endurance you have. Nuxated Iron is a combination like the iron in spinach, but it is not metallic or mineral iron which people usually take. The fact that you may have taken other forms of iron without help you. Try it on our Nuxated Iron will not help you. Try it on our Nuxated Iron will not help you.

NUXATED IRON ENRICHES THE BLOOD-GIVES YOU NEW STRENGTH AND ENERGY
